Dear Ms Hubery

Planning consultation: HRA Screening for Bawtry Neighbourhood Development Plan

Thank you for your consultation on the above which was received by Natural England on 03 April 2019.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

We have reviewed the Habitats Regulations Assessment screening report and are in agreement with the conclusions. It is our advice, on the basis of the material supplied with the consultation, that, in so far as our strategic environmental interests are concerned (including but not limited to statutory designated sites, landscapes and protected species, geology and soils) are concerned, that there are unlikely to be significant environmental effects from the proposed plan.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries relating to the specific advice in this letter only please contact Kate Wheeler on 07769918711. For any new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

Yours sincerely

Kate Wheeler
Yorkshire and Northern Lincolnshire Area Team
